A message from the Senate by

Ms. Hawker, Secretary:

Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has concurred with the House of Representatives in the passage of a bill of the following title to-wit:

HOUSE BILL 806

A bill for AN ACT concerning State government.

Together with the attached amendment thereto (which amendment has been printed by the Senate), in the adoption of which I am instructed to ask the concurrence of the House, to-wit:

Senate Amendment No. 3 to HOUSE BILL NO. 806

Passed the Senate, as amended, October 26, 2005.

Linda Hawker, Secretary of the Senate

AMENDMENT NO. 3. Amend House Bill 806 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Covering ALL KIDS Health Insurance Act.

Section 5. Legislative intent. The General Assembly finds that, for the economic and social benefit of all residents of the State, it is important to enable all children of this State to access affordable health insurance that offers comprehensive coverage and emphasizes preventive healthcare. Many children in working families, including many families whose family income ranges between \$40,000 and \$80,000, are uninsured. Numerous studies, including the Institute of Medicine's report, "Health Insurance Matters", demonstrate that lack of insurance negatively affects health status. The General Assembly further finds that access to healthcare is a key component for children's healthy development and successful education. The effects of lack of insurance also negatively impact those who are insured because the cost of paying for care to the uninsured is often shifted to those who have insurance in the form of higher health insurance premiums. A Families USA 2005 report indicates that family premiums in Illinois are increased by \$1,059 due to cost-shifting from the uninsured. It is, therefore, the intent of this legislation to provide access to affordable health insurance to all uninsured children in Illinois.

Section 10. Definitions. In this Act:

"Application agent" means an organization or individual, such as a licensed health care provider, school, youth service agency, employer, labor union, local chamber of commerce, community-based organization, or other organization, approved by the Department to assist in enrolling children in the Program.

"Child" means a person under the age of 19.

"Department" means the Department of Healthcare and Family Services.

"Medical assistance" means health care benefits provided under Article V of the Illinois Public Aid Code.

"Program" means the Covering ALL KIDS Health Insurance Program.

"Resident" means an individual (i) who is in the State for other than a temporary or transitory purpose during the taxable year or (ii) who is domiciled in this State but is absent from the State for a temporary or transitory purpose during the taxable year.

Section 15. Operation of Program. The Covering ALL KIDS Health Insurance Program is created. The Program shall be administered by the Department of Healthcare and Family Services. The Department shall have the same powers and authority to administer the Program as are provided to the Department in connection with the Department's administration of the Illinois Public Aid Code and the Children's Health Insurance Program Act. The Department shall coordinate the Program with the existing children's health programs operated by the Department and other State agencies.

Section 20. Eligibility.

(a) To be eligible for the Program, a person must be a child:

(1) who is a resident of the State of Illinois; and

(2) who is ineligible for medical assistance under the Illinois Public Aid Code or benefits under the Children's Health Insurance Program Act; and

(3) either (i) who has been without health insurance coverage for a period set forth by the Department in rules, but not less than 6 months during the first month of operation of the Program, 7 months during the second month of operation, 8 months during the third month of operation, 9 months during the fourth month of operation, 10 months during the fifth month of operation, 11 months during the sixth month of operation, and 12 months thereafter, (ii) whose parent has lost employment that made available affordable dependent health insurance coverage, until such time as affordable employer-sponsored dependent health insurance coverage is again available for the child as set forth by the Department in rules, (iii) who is a newborn whose responsible relative does not have available affordable private or employer-sponsored health insurance, or (iv) who, within one year of applying for coverage under this Act, lost medical benefits under the Illinois Public Aid Code or the Children's Health Insurance Program Act.

An entity that provides health insurance coverage (as defined in Section 2 of the Comprehensive Health Insurance Plan Act) to Illinois residents shall provide health insurance data match to the Department of Healthcare and Family Services for the purpose of determining eligibility for the Program under this Act.

The Department of Healthcare and Family Services, in collaboration with the Department of Financial and Professional Regulation, Division of Insurance, shall adopt rules governing the exchange of information under this Section. The rules shall be consistent with all laws relating to the confidentiality or privacy of personal information or medical records, including provisions under the Federal Health Insurance Portability and Accountability Act (HIPAA).

(b) The Department shall monitor the availability and retention of employer-sponsored dependent health insurance coverage and shall modify the period described in subdivision (a)(3) if necessary to promote retention of private or employer-sponsored health insurance and timely access to healthcare services, but at no time shall the period described in subdivision (a)(3) be less than 6 months.

(c) The Department, at its discretion, may take into account the affordability of dependent health insurance when determining whether employer-sponsored dependent health insurance coverage is available upon reemployment of a child's parent as provided in subdivision (a)(3).

(d) A child who is determined to be eligible for the Program shall remain eligible for 12 months, provided that the child maintains his or her residence in this State, has not yet attained 19 years of age, and is not excluded under subsection (e).

(e) A child is not eligible for coverage under the Program if:

(1) the premium required under Section 40 has not been timely paid; if the required premiums are not paid, the liability of the Program shall be limited to benefits incurred under the Program for the time period for which premiums have been paid; if the required monthly premium is not paid, the child is ineligible for re-enrollment for a minimum period of 3 months; re-enrollment shall be completed before the next covered medical visit, and the first month's required premium shall be paid in advance of the next covered medical visit; or

(2) the child is an inmate of a public institution or an institution for mental diseases.

(f) The Department shall adopt eligibility rules, including, but not limited to: rules regarding annual

renewals of eligibility for the Program; rules providing for re-enrollment, grace periods, notice requirements, and hearing procedures under subdivision (e)(1) of this Section; and rules regarding what constitutes availability and affordability of private or employer-sponsored health insurance, with consideration of such factors as the percentage of income needed to purchase children or family health insurance, the availability of employer subsidies, and other relevant factors.

Section 25. Enrollment in Program. The Department shall develop procedures to allow application agents to assist in enrolling children in the Program or other children's health programs operated by the Department. At the Department's discretion, technical assistance payments may be made available for approved applications facilitated by an application agent.

Section 30. Program outreach and marketing. The Department may provide grants to application agents and other community-based organizations to educate the public about the availability of the Program. The Department shall adopt rules regarding performance standards and outcomes measures expected of organizations that are awarded grants under this Section, including penalties for nonperformance of contract standards.

Section 35. Health care benefits for children.

(a) The Department shall purchase or provide health care benefits for eligible children that are identical to the benefits provided for children under the Illinois Children's Health Insurance Program Act, except for non-emergency transportation.

(b) As an alternative to the benefits set forth in subsection (a), and when cost-effective, the Department may offer families subsidies toward the cost of privately sponsored health insurance, including employer-sponsored health insurance.

(c) Notwithstanding clause (i) of subdivision (a)(3) of Section 20, the Department may consider offering, as an alternative to the benefits set forth in subsection (a), partial coverage to children who are enrolled in a high-deductible private health insurance plan.

(d) Notwithstanding clause (i) of subdivision (a)(3) of Section 20, the Department may consider offering, as an alternative to the benefits set forth in subsection (a), a limited package of benefits to children in families who have private or employer-sponsored health insurance that does not cover certain benefits such as dental or vision benefits.

(e) The content and availability of benefits described in subsections (b), (c), and (d), and the terms of eligibility for those benefits, shall be at the Department's discretion and the Department's determination of efficacy and cost-effectiveness as a means of promoting retention of private or employer-sponsored health insurance.

Section 40. Cost-sharing.

(a) Children enrolled in the Program under subsection (a) of Section 35 are subject to the following cost-sharing requirements:

(1) The Department, by rule, shall set forth requirements concerning co-payments and coinsurance for health care services and monthly premiums. This cost-sharing shall be on a sliding scale based on family income. The Department may periodically modify such cost-sharing.

(2) Notwithstanding paragraph (1), there shall be no co-payment required for well-baby or well-child health care, including, but not limited to, age-appropriate immunizations as required under State or federal law.

(b) Children enrolled in a privately sponsored health insurance plan under subsection (b) of Section 35 are subject to the cost-sharing provisions stated in the privately sponsored health insurance plan.

(c) Notwithstanding any other provision of law, rates paid by the Department shall not be used in any way to determine the usual and customary or reasonable charge, which is the charge for health care that is consistent with the average rate or charge for similar services furnished by similar providers in a certain geographic area.

Section 45. Study.

(a) The Department shall conduct a study that includes, but is not limited to, the following:

(1) Establishing estimates, broken down by regions of the State, of the number of children with and without health insurance coverage; the number of children who are eligible for Medicaid or the Children's Health Insurance Program, and, of that number, the number who are enrolled in Medicaid or the Children's Health Insurance Program; and the number of children with access to dependent coverage through an employer, and, of that number, the number who are enrolled in dependent coverage through an employer.

(2) Surveying those families whose children have access to employer-sponsored dependent

coverage but who decline such coverage as to the reasons for declining coverage.

(3) Ascertaining, for the population of children accessing employer-sponsored dependent coverage or who have access to such coverage, the comprehensiveness of dependent coverage available, the amount of cost-sharing currently paid by the employees, and the cost-sharing associated with such coverage.

(4) Measuring the health outcomes or other benefits for children utilizing the Covering ALL KIDS Health Insurance Program and analyzing the effects on utilization of healthcare services for children after enrollment in the Program compared to the preceding period of uninsured status.

(b) The studies described in subsection (a) shall be conducted in a manner that compares a time period preceding or at the initiation of the program with a later period.

(c) The Department shall submit the preliminary results of the study to the Governor and the General Assembly no later than July 1, 2008 and shall submit the final results to the Governor and the General Assembly no later than July 1, 2010.

Section 50. Consultation with stakeholders. The Department shall present details regarding implementation of the Program to the Medicaid Advisory Committee, and the Committee shall serve as the forum for healthcare providers, advocates, consumers, and other interested parties to advise the Department with respect to the Program.

Section 55. Charge upon claims and causes of action; right of subrogation; recoveries. Sections 11-22, 11-22a, 11-22b, and 11-22c of the Illinois Public Aid Code apply to health care benefits provided to children under this Act, as provided in those Sections.

Section 60. Federal financial participation. The Department shall request any necessary state plan amendments or waivers of federal requirements in order to allow receipt of federal funds for implementing any or all of the provisions of the Program. The failure of the responsible federal agency to approve a waiver or other State plan amendment shall not prevent the implementation of any provision of this Act.

Section 65. Emergency rulemaking. The Department may adopt rules necessary to establish and implement this Act through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For the purposes of that Act, the General Assembly finds that the adoption of rules to implement this Act is deemed an emergency and necessary for the public interest, safety, and welfare. This Section is repealed on July 1, 2008.

Section 90. The Illinois Public Aid Code is amended by changing Sections 11-22, 11-22a, 11-22b, and 11-22c as follows:

(305 ILCS 5/11-22) (from Ch. 23, par. 11-22)

Sec. 11-22. Charge upon claims and causes of action for injuries. The Illinois Department shall have a charge upon all claims, demands and causes of action for injuries to an applicant for or recipient of (i) financial aid under Articles III, IV, and V or (ii) health care benefits provided under the Covering ALL KIDS Health Insurance Act for the total amount of medical assistance provided the recipient from the time of injury to the date of recovery upon such claim, demand or cause of action. In addition, if the applicant or recipient was employable, as defined by the Department, at the time of the injury, the Department shall also have a charge upon any such claims, demands and causes of action for the total amount of aid provided to the recipient and his dependents, including all cash assistance and medical assistance only to the extent includable in the claimant's action, from the time of injury to the date of recovery upon such claim, demand or cause of action. Any definition of "employable" adopted by the Department shall apply only to persons above the age of compulsory school attendance.

If the injured person was employable at the time of the injury and is provided aid under Articles III, IV, or V and any dependent or member of his family is provided aid under Article VI, or vice versa, both the Illinois Department and the local governmental unit shall have a charge upon such claims, demands and causes of action for the aid provided to the injured person and any dependent member of his family, including all cash assistance, medical assistance and food stamps, from the time of the injury to the date of recovery.

"Recipient", as used herein, means (i) in the case of financial aid provided under this Code, the grantee of record and any persons whose needs are included in the financial aid provided to the grantee of record or otherwise met by grants under the appropriate Article of this Code for which such person is eligible and (ii) in the case of health care benefits provided under the Covering ALL KIDS Health Insurance Act, the child to whom those benefits are provided.

In each case, the notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or recipient has a claim, demand or cause of action. The notice shall claim the charge and describe the interest the Illinois Department, the local governmental unit, or the county, has in

the claim, demand, or cause of action. The charge shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

On petition filed by the Illinois Department, or by the local governmental unit or county if either is claiming a charge, or by the recipient, or by the defendant, the court, on written notice to all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this Section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the Illinois Department, the local governmental unit or county has charge. The court may determine what portion of the recovery shall be paid to the injured person and what portion shall be paid to the Illinois Department, the local governmental unit or county having a charge against the recovery. In making this determination, the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

- (1) the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the recipient incident to the recovery; and whether the Department, unit of local government or county seeking to enforce the charge against the recovery should as a matter of fairness and equity bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;
- (2) the amount, if any, of the attorney's fees and other costs incurred by the recipient incident to the recovery and paid by the recipient up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;
- (3) the total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the recipient, by insurance provided by the recipient, and by the Department, unit of local government and county seeking to enforce a charge against the recovery, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;
- (4) whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the recipient;
- (5) the age of the recipient and of persons dependent for support upon the recipient, the nature and permanency of the recipient's injuries as they affect not only the future employability and education of the recipient but also the reasonably necessary and foreseeable future material, maintenance, medical, rehabilitative and training needs of the recipient, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;
- (6) the realistic ability of the recipient to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction.

The court may reduce and apportion the Illinois Department's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The Illinois Department shall pay its pro rata share of the attorney fees based on the Illinois Department's lien as it compares to the total settlement agreed upon. This Section shall not affect the priority of an attorney's lien under the Attorneys Lien Act. The charges of the Illinois Department described in this Section, however, shall take priority over all other liens and charges existing under the laws of the State of Illinois with the exception of the attorney's lien under said statute.

Whenever the Department or any unit of local government has a statutory charge under this Section against a recovery for damages incurred by a recipient because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, irrespective of whether or not an action based on recipient's claim has been filed in court.

This Section shall be inapplicable to any claim, demand or cause of action arising under (a) the Workers'

Compensation Act or the predecessor Workers' Compensation Act of June 28, 1913, (b) the Workers' Occupational Diseases Act or the predecessor Workers' Occupational Diseases Act of March 16, 1936; and (c) the Wrongful Death Act.

(305 ILCS 5/11-22a) (from Ch. 23, par. 11-22a)

Sec. 11-22a. Right of Subrogation. To the extent of the amount of (i) medical assistance provided by the Department to or on behalf of a recipient under Article V or VI or (ii) health care benefits provided for a child under the Covering ALL KIDS Health Insurance Act, the Department shall be subrogated to any right of recovery such recipient may have under the terms of any private or public health care coverage or casualty coverage, including coverage under the "Workers' Compensation Act", approved July 9, 1951, as amended, or the "Workers' Occupational Diseases Act", approved July 9, 1951, as amended, without the necessity of assignment of claim or other authorization to secure the right of recovery to the Department. To enforce its subrogation right, the Department may (i) intervene or join in an action or proceeding brought by the recipient, his or her guardian, personal representative, estate, dependents, or survivors against any person or public or private entity that may be liable; (ii) institute and prosecute legal proceedings against any person or public or private entity that may be liable for the cost of such services; or (iii) institute and prosecute legal proceedings, to the extent necessary to reimburse the Illinois Department for its costs, against any noncustodial parent who (A) is required by court or administrative order to provide insurance or other coverage of the cost of health care services for a child eligible for medical assistance under this Code and (B) has received payment from a third party for the costs of those services but has not used the payments to reimburse either the other parent or the guardian of the child or the provider of the services.

(305 ILCS 5/11-22b) (from Ch. 23, par. 11-22b)

Sec. 11-22b. Recoveries.

(a) As used in this Section:

(1) "Carrier" means any insurer, including any private company, corporation, mutual association, trust fund, reciprocal or interinsurance exchange authorized under the laws of this State to insure persons against liability or injuries caused to another and any insurer providing benefits under a policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance or use of a motor vehicle which provides uninsured motorist endorsement or coverage.

(2) "Beneficiary" means any person or their dependents who has received benefits or will be provided benefits under this Code or under the Covering ALL KIDS Health Insurance Act because of an injury for which another person may be liable. It includes such beneficiary's guardian, conservator or other personal representative, his estate or survivors.

(b) (1) When benefits are provided or will be provided to a beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act because of an injury for which another person is liable, or for which a carrier is liable in accordance with the provisions of any policy of insurance issued pursuant to the Illinois Insurance Code, the Illinois Department shall have a right to recover from such person or carrier the reasonable value of benefits so provided. The Attorney General may, to enforce such right, institute and prosecute legal proceedings against the third person or carrier who may be liable for the injury in an appropriate court, either in the name of the Illinois Department or in the name of the injured person, his guardian, personal representative, estate, or survivors.

(2) The Department may:

(A) compromise or settle and release any such claim for benefits provided under this Code, or

(B) waive any such claims for benefits provided under this Code, in whole or in part, for the convenience of the Department or if the Department determines that collection would result in undue hardship upon the person who suffered the injury or, in a wrongful death action, upon the heirs of the deceased.

(3) No action taken on behalf of the Department pursuant to this Section or any judgment rendered in such action shall be a bar to any action upon the claim or cause of action of the beneficiary, his guardian, conservator, personal representative, estate, dependents or survivors against the third person who may be liable for the injury, or shall operate to deny to the beneficiary the recovery for that portion of any damages not covered hereunder.

(c) (1) When an action is brought by the Department pursuant to subsection (b), it shall be commenced within the period prescribed by Article XIII of the Code of Civil Procedure.

However, the Department may not commence the action prior to 5 months before the end of the applicable period prescribed by Article XIII of the Code of Civil Procedure. Thirty days prior to commencing an action, the Department shall notify the beneficiary of the Department's intent to commence such an action.

(2) The death of the beneficiary does not abate any right of action established by subsection (b).

(3) When an action or claim is brought by persons entitled to bring such actions or assert such claims against a third person who may be liable for causing the death of a beneficiary, any settlement, judgment or award obtained is subject to the Department's claim for reimbursement of the benefits provided to the beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act.

(4) When the action or claim is brought by the beneficiary alone and the beneficiary incurs a personal liability to pay attorney's fees and costs of litigation, the Department's claim for reimbursement of the benefits provided to the beneficiary shall be the full amount of benefits paid on behalf of the beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act less a pro rata share which represents the Department's reasonable share of attorney's fees paid by the beneficiary and that portion of the cost of litigation expenses determined by multiplying by the ratio of the full amount of the expenditures of the full amount of the judgment, award or settlement.

(d) (1) If either the beneficiary or the Department brings an action or claim against such third party or carrier, the beneficiary or the Department shall within 30 days of filing the action give to the other written notice by personal service or registered mail of the action or claim and of the name of the court in which the action or claim is brought. Proof of such notice shall be filed in such action or claim. If an action or claim is brought by either the Department or the beneficiary, the other may, at any time before trial on the facts, become a party to such action or claim or shall consolidate his action or claim with the other if brought independently.

(2) If an action or claim is brought by the Department pursuant to subsection (b)(1), written notice to the beneficiary, guardian, personal representative, estate or survivor given pursuant to this Section shall advise him of his right to intervene in the proceeding, his right to obtain a private attorney of his choice and the Department's right to recover the reasonable value of the benefits provided.

(e) In the event of judgment or award in a suit or claim against such third person or carrier:

(1) If the action or claim is prosecuted by the beneficiary alone, the court shall first order paid from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees, when an attorney has been retained. After payment of such expenses and attorney's fees the court shall, on the application of the Department, allow as a first lien against the amount of such judgment or award the amount of the Department's expenditures for the benefit of the beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act, as provided in subsection (c)(4).

(2) If the action or claim is prosecuted both by the beneficiary and the Department, the court shall first order paid from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees for plaintiffs attorneys based solely on the services rendered for the benefit of the beneficiary. After payment of such expenses and attorney's fees, the court shall apply out of the balance of such judgment or award an amount sufficient to reimburse the Department the full amount of benefits paid on behalf of the beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act.

(f) The court shall, upon further application at any time before the judgment or award is satisfied, allow as a further lien the amount of any expenditures of the Department in payment of additional benefits arising out of the same cause of action or claim provided on behalf of the beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act, when such benefits were provided or became payable subsequent to the original order.

(g) No judgment, award, or settlement in any action or claim by a beneficiary to recover damages for injuries, when the Department has an interest, shall be satisfied without first giving the Department notice and a reasonable opportunity to perfect and satisfy its lien.

(h) When the Department has perfected a lien upon a judgment or award in favor of a beneficiary against any third party for an injury for which the beneficiary has received benefits under this Code or under the Covering ALL KIDS Health Insurance Act, the Department shall be entitled to a writ of execution as lien claimant to enforce payment of said lien against such third party with interest and other accruing costs as in the case of other executions. In the event the amount of such judgment or award so recovered has been paid to the beneficiary, the Department shall be entitled to a writ of execution against such beneficiary to the extent of the Department's lien, with interest and other accruing costs as in the case of other executions.

(i) Except as otherwise provided in this Section, notwithstanding any other provision of law, the entire amount of any settlement of the injured beneficiary's action or claim, with or without suit, is subject to the Department's claim for reimbursement of the benefits provided and any lien filed pursuant thereto to the same extent and subject to the same limitations as in Section 11-22 of this Code.

(305 ILCS 5/11-22c) (from Ch. 23, par. 11-22c)

Sec. 11-22c. (a) As used in this Section, "recipient" means any person receiving financial assistance under Article IV or Article VI of this Code or receiving health care benefits under the Covering ALL KIDS Health Insurance Act.

(b) If a recipient maintains any suit, charge or other court or administrative action against an employer seeking back pay for a period during which the recipient received financial assistance under Article IV or Article VI of this Code or health care benefits under the Covering ALL KIDS Health Insurance Act, the recipient shall report such fact to the Department. To the extent of the amount of assistance provided to or on behalf of the recipient under Article IV or Article VI or health care benefits provided under the Covering ALL KIDS Health Insurance Act, the Department may by intervention or otherwise without the necessity of assignment of claim, attach a lien on the recovery of back wages equal to the amount of assistance provided by the Department to the recipient under Article IV or Article VI or under the Covering ALL KIDS Health Insurance Act.

SENATE BILLS ON FIRST READING

Having been printed, the following bills were taken up, read by title a first time and placed in the Committee on Rules: SENATE BILLS 852 and 1268.

RESOLUTION

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 681

Offered by Representative Leitch:

WHEREAS, A recent study funded by the National Institute of Mental Health concluded that for some patients, the use of a specific drug has measurable advantages over other medications in the treatment of serious mental illnesses; and

WHEREAS, The Illinois Department of Healthcare and Family Services has implemented a policy, effective October 1, 2005, under which the Department will restrict access to certain mental illness medications to persons receiving medical assistance under the State's Medicaid program by imposing prior approval requirements on those medications; and

WHEREAS, The Department's decision to restrict access to those mental illness medications is particularly unfair because, unlike other medications that have been restricted, the decision to restrict access to certain drugs used to treat mental illness does not permit people who are currently taking a restricted medication to continue taking the medication because there is no good alternative medication; and

WHEREAS, The Department's decision to restrict access to mental health medications can result in higher costs to the State and local units of government because people get sicker after being denied medication and need additional costly services, including hospitalization; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Department of Healthcare and Family Services to reconsider its decision to restrict access to medications used for the treatment of serious mental illnesses for people on Medicaid by imposing prior approval requirements on those medications; and be it further

RESOLVED, That before additional mental illness medications are made subject to prior approval restrictions under the Medicaid program, a full and open hearing on the matter should be held involving participation by the Department of Healthcare and Family Services, the General Assembly, and advocates for individuals suffering from mental illness; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Director of Healthcare and Family Services and to the Governor.

AGREED RESOLUTIONS

The following resolutions were offered and placed on the Calendar on the order of Agreed Resolutions.

WHEREAS, Steve Coy was the first officer from the Bradley Police Department to attend the academy;

therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we congratulate Deputy Chief Steve Coy of the Bradley Police Department on his graduation from the F.B.I. National Academy Program and wish him all the best in the future; and be it further

RESOLVED, That a suitable copy of this resolution be presented to Steve Coy as an expression of our esteem.

HOUSE RESOLUTION 672

Offered by Representative Dugan:

WHEREAS, The members of the Illinois House of Representatives are proud to recognize significant events in the lives of the citizens of this State; and

WHEREAS, It has come to our attention that Lieutenant Thomas M. Fitts of the Grant Park Police Department graduated June 13, 2005 from the F.B.I. National Academy Program in Quantico, Virginia as part of the 221st National Academy class; and

WHEREAS, Scott Fitts graduated with honors, earning a 4.0 grade point average on a 4-point scale and received the Yellow Brick Fitness award; the Yellow Brick Award required participation in nearly three months worth of challenge runs in addition to other physical training regimens; the final challenge was a 9.2 mile run; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we congratulate Lieutenant Thomas M. Fitts of the Grant Park Police Department on his graduation from the F.B.I. National Academy Program and wish him all the best in the future; and be it further

RESOLVED, That a suitable copy of this resolution be presented to Thomas Fitts as an expression of our esteem.

HOUSE RESOLUTION 673

Offered by Representative Rose:

WHEREAS, After safely delivering the world's first operational atom bombs to Tinian Island, she was sent to join the assembling invasion fleet at Leyte Gulf; halfway between Guam and Leyte, at 14 minutes past midnight on July 30, 1945, the Indianapolis was struck by two torpedoes of a spread of six, fired by the submarine I-58 of the Imperial Japanese Navy; and

WHEREAS, The Indianapolis was mortally wounded, and everywhere men were killed, seriously burned, and maimed; within 12 minutes, while brave men struggled to hand out life vests, drag wounded shipmates, and scramble topside, the Indianapolis sank quietly beneath the surface of the Pacific; and

WHEREAS, Of the ship's company of 1,197 men and one passenger, the survivors estimate that about 800 made it into the water and relative safety, where the dangers were just beginning; fuel oil coated the sea and blood from the wounded attracted sharks; lack of water and food caused many to hallucinate, to fight among themselves, and to go mad; for five days, the men struggled until they were finally discovered, and only 318 remained to be rescued; and

WHEREAS, The sacrifice of the USS Indianapolis has been honored by our nation with a national memorial located in Indianapolis, Indiana, dedicated on August 2, 1995; and

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we honor the men that fought for our country during World War II and miraculously survived the sinking of the USS Indianapolis; and be it further

RESOLVED, That suitable copies of this resolution be presented to each of the remaining survivors as an expression of our esteem.

HOUSE RESOLUTION 674

Offered by Representative Rose:

WHEREAS, Twenty-five years ago, thirteen Arcola area citizens decided to be part of Arcola's Famous Broom Corn Festival Parade; they took a talent inventory and came to the conclusion that pushing mowers and twirling brooms was the best they could do, thus the Lawn Rangers from Amazing Arcola were founded; and

WHEREAS, Over the past quarter of the century, the Council has sponsored and organized the Annual Knights of Columbus Picnic on the Immaculate Conception Church grounds, which has become quite a successful event, as it provides a venue for all of the parish organizations to participate and raise funds for their individual causes; the Council has also been nationally recognized numerous times by being awarded the Star Council Award, the highest award granted by the Supreme Council and four members of the

Sec. 312. Requirements for dispensing controlled substances.

(a) A practitioner, in good faith, may dispense a Schedule II controlled substance, which is a narcotic drug listed in Section 206 of this Act; or which contains any quantity of amphetamine or methamphetamine, their salts, optical isomers or salts of optical isomers; phenmetrazine and its salts; or pentazocine; and Schedule III, IV, or V controlled substances to any person upon a written prescription of any prescriber, dated and signed by the person prescribing on the day when issued and bearing the name and address of the patient for whom, or the owner of the animal for which the controlled substance is dispensed, and the full name, address and registry number under the laws of the United States relating to controlled substances of the prescriber, if he is required by those laws to be registered. If the prescription is for an animal it shall state the species of animal for which it is ordered. The practitioner filling the prescription shall write the date of filling and his own signature on the face of the written prescription. The written prescription shall be retained on file by the practitioner who filled it or pharmacy in which the prescription was filled for a period of 2 years, so as to be readily accessible for inspection or removal by any officer or employee engaged in the enforcement of this Act. Whenever the practitioner's or pharmacy's copy of any prescription is removed by an officer or employee engaged in the enforcement of this Act, for the purpose of investigation or as evidence, such officer or employee shall give to the practitioner or pharmacy a receipt in lieu thereof. A prescription for a Schedule II controlled substance shall not be filled more than 7 days after the date of issuance. A written prescription for Schedule III, IV or V controlled substances shall not be filled or refilled more than 6 months after the date thereof or refilled more than 5 times unless renewed, in writing, by the prescriber.

(b) In lieu of a written prescription required by this Section, a pharmacist, in good faith, may dispense Schedule III, IV, or V substances to any person either upon receiving a facsimile of a written, signed prescription transmitted by the prescriber or the prescriber's agent or upon a lawful oral prescription of a prescriber which oral prescription shall be reduced promptly to writing by the pharmacist and such written memorandum thereof shall be dated on the day when such oral prescription is received by the pharmacist and shall bear the full name and address of the ultimate user for whom, or of the owner of the animal for

which the controlled substance is dispensed, and the full name, address, and registry number under the law of the United States relating to controlled substances of the prescriber prescribing if he is required by those laws to be so registered, and the pharmacist filling such oral prescription shall write the date of filling and his own signature on the face of such written memorandum thereof. The facsimile copy of the prescription or written memorandum of the oral prescription shall be retained on file by the proprietor of the pharmacy in which it is filled for a period of not less than two years, so as to be readily accessible for inspection by any officer or employee engaged in the enforcement of this Act in the same manner as a written prescription. The facsimile copy of the prescription or oral prescription and the written memorandum thereof shall not be filled or refilled more than 6 months after the date thereof or be refilled more than 5 times, unless renewed, in writing, by the prescriber.

(c) Except for any targeted methamphetamine precursor as defined in the Methamphetamine Precursor Control Act, a controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose and not for the purpose of evading this Act, and then:

(1) only personally by a person registered to dispense a Schedule V controlled substance and then only to his patients, or

(2) only personally by a pharmacist, and then only to a person over 21 years of age who has identified himself to the pharmacist by means of 2 positive documents of identification.

(3) the dispenser shall record the name and address of the purchaser, the name and quantity of the product, the date and time of the sale, and the dispenser's signature.

(4) no person shall purchase or be dispensed more than 120 milliliters or more than 120 grams of any Schedule V substance which contains codeine, dihydrocodeine, or any salts thereof, or ethylmorphine, or any salts thereof, in any 96 hour period. The purchaser shall sign a form, approved by the Department of Professional Regulation, attesting that he has not purchased any Schedule V controlled substances within the immediately preceding 96 hours.

(5) a copy of the records of sale, including all information required by paragraph (3), shall be forwarded to the Department of Professional Regulation at its principal office by the 15th day of the following month.

(6) all records of purchases and sales shall be maintained for not less than 2 years.

(7) no person shall obtain or attempt to obtain within any consecutive 96 hour period any Schedule V substances of more than 120 milliliters or more than 120 grams containing codeine, dihydrocodeine or any of its salts, or ethylmorphine or any of its salts. Any person obtaining any such preparations or combination of preparations in excess of this limitation shall be in unlawful possession of such controlled substance.

(8) a person qualified to dispense controlled substances under this Act and registered thereunder shall at no time maintain or keep in stock a quantity of Schedule V controlled substances defined and listed in Section 212 (b) (1), (2) or (3) in excess of 4.5 liters for each substance; a pharmacy shall at no time maintain or keep in stock a quantity of Schedule V controlled substances as defined in excess of 4.5 liters for each substance, plus the additional quantity of controlled substances necessary to fill the largest number of prescription orders filled by that pharmacy for such controlled substances in any one week in the previous year. These limitations shall not apply to Schedule V controlled substances which Federal law prohibits from being dispensed without a prescription.

(9) no person shall distribute or dispense butyl nitrite for inhalation or other introduction into the human body for euphoric or physical effect.

(d) Every practitioner shall keep a record of controlled substances received by him and a record of all such controlled substances administered, dispensed or professionally used by him otherwise than by prescription. It shall, however, be sufficient compliance with this paragraph if any practitioner utilizing controlled substances listed in Schedules III, IV and V shall keep a record of all those substances dispensed and distributed by him other than those controlled substances which are administered by the direct application of a controlled substance, whether by injection, inhalation, ingestion, or any other means to the body of a patient or research subject. A practitioner who dispenses, other than by administering, a controlled substance in Schedule II, which is a narcotic drug listed in Section 206 of this Act, or which contains any quantity of amphetamine or methamphetamine, their salts, optical isomers or salts of optical isomers, pentazocine, or methaqualone shall do so only upon the issuance of a written prescription blank by a prescriber.

(e) Whenever a manufacturer distributes a controlled substance in a package prepared by him, and whenever a wholesale distributor distributes a controlled substance in a package prepared by him or the manufacturer, he shall securely affix to each package in which that substance is contained a label showing

in legible English the name and address of the manufacturer, the distributor and the quantity, kind and form of controlled substance contained therein. No person except a pharmacist and only for the purposes of filling a prescription under this Act, shall alter, deface or remove any label so affixed.

(f) Whenever a practitioner dispenses any controlled substance except a non-prescription targeted methamphetamine precursor as defined in the Methamphetamine Precursor Control Act, he shall affix to the container in which such substance is sold or dispensed, a label indicating the date of initial filling, the practitioner's name and address, the name of the patient, the name of the prescriber, the directions for use and cautionary statements, if any, contained in any prescription or required by law, the proprietary name or names or the established name of the controlled substance, and the dosage and quantity, except as otherwise authorized by regulation by the Department of Professional Regulation. No person shall alter, deface or remove any label so affixed.

(g) A person to whom or for whose use any controlled substance has been prescribed or dispensed by a practitioner, or other persons authorized under this Act, and the owner of any animal for which such substance has been prescribed or dispensed by a veterinarian, may lawfully possess such substance only in the container in which it was delivered to him by the person dispensing such substance.

(h) The responsibility for the proper prescribing or dispensing of controlled substances is upon the prescriber and the responsibility for the proper filling of a prescription for controlled substance drugs rests with the pharmacist. An order purporting to be a prescription issued to any individual, which is not in the regular course of professional treatment nor part of an authorized methadone maintenance program, nor in legitimate and authorized research instituted by any accredited hospital, educational institution, charitable foundation, or federal, state or local governmental agency, and which is intended to provide that individual with controlled substances sufficient to maintain that individual's or any other individual's physical or psychological addiction, habitual or customary use, dependence, or diversion of that controlled substance is not a prescription within the meaning and intent of this Act; and the person issuing it, shall be subject to the penalties provided for violations of the law relating to controlled substances.

(i) A prescriber shall not preprint or cause to be preprinted a prescription for any controlled substance; nor shall any practitioner issue, fill or cause to be issued or filled, a preprinted prescription for any controlled substance.

(j) No person shall manufacture, dispense, deliver, possess with intent to deliver, prescribe, or administer or cause to be administered under his direction any anabolic steroid, for any use in humans other than the treatment of disease in accordance with the order of a physician licensed to practice medicine in all its branches for a valid medical purpose in the course of professional practice. The use of anabolic steroids for the purpose of hormonal manipulation that is intended to increase muscle mass, strength or weight without a medical necessity to do so, or for the intended purpose of improving physical appearance or performance in any form of exercise, sport, or game, is not a valid medical purpose or in the course of professional practice.

If the prescription is for an animal it shall state the species of animal for which it is ordered. The practitioner filling the prescription shall write the date of filling and his own signature on the face of the written prescription. The written prescription shall be retained on file by the practitioner who filled it or pharmacy in which the prescription was filled for a period of 2 years, so as to be readily accessible for inspection or removal by any officer or employee engaged in the enforcement of this Act. Whenever the practitioner's or pharmacy's copy of any prescription is removed by an officer or employee engaged in the enforcement of this Act, for the purpose of investigation or as evidence, such officer or employee shall give to the practitioner or pharmacy a receipt in lieu thereof. A prescription for a Schedule II controlled substance shall not be filled more than 7 days after the date of issuance. A written prescription for Schedule III, IV or V controlled substances shall not be filled or refilled more than 6 months after the date thereof or refilled more than 5 times unless renewed, in writing, by the prescriber.

(b) In lieu of a written prescription required by this Section, a pharmacist, in good faith, may dispense Schedule III, IV, or V substances to any person either upon receiving a facsimile of a written, signed prescription transmitted by the prescriber or the prescriber's agent or upon a lawful oral prescription of a prescriber which oral prescription shall be reduced promptly to writing by the pharmacist and such written memorandum thereof shall be dated on the day when such oral prescription is received by the pharmacist and shall bear the full name and address of the ultimate user for whom, or of the owner of the animal for which the controlled substance is dispensed, and the full name, address, and registry number under the law of the United States relating to controlled substances of the prescriber prescribing if he is required by those laws to be so registered, and the pharmacist filling such oral prescription shall write the date of filling and his own signature on the face of such written memorandum thereof. The facsimile copy of the prescription or written memorandum of the oral prescription shall be retained on file by the proprietor of the pharmacy in which it is filled for a period of not less than two years, so as to be readily accessible for inspection by any officer or employee engaged in the enforcement of this Act in the same manner as a written prescription. The facsimile copy of the prescription or oral prescription and the written memorandum thereof shall not be filled or refilled more than 6 months after the date thereof or be refilled more than 5 times, unless renewed, in writing, by the prescriber.

(c) Except for any targeted methamphetamine precursor as defined in the Methamphetamine Precursor

Control Act, a controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose and not for the purpose of evading this Act, and then:

- (1) only personally by a person registered to dispense a Schedule V controlled substance and then only to his patients, or
 - (2) only personally by a pharmacist, and then only to a person over 21 years of age who has identified himself to the pharmacist by means of 2 positive documents of identification.
 - (3) the dispenser shall record the name and address of the purchaser, the name and quantity of the product, the date and time of the sale, and the dispenser's signature.
 - (4) no person shall purchase or be dispensed more than 120 milliliters or more than 120 grams of any Schedule V substance which contains codeine, dihydrocodeine, or any salts thereof, or ethylmorphine, or any salts thereof, in any 96 hour period. The purchaser shall sign a form, approved by the Department of Professional Regulation, attesting that he has not purchased any Schedule V controlled substances within the immediately preceding 96 hours.
 - (5) a copy of the records of sale, including all information required by paragraph (3), shall be forwarded to the Department of Professional Regulation at its principal office by the 15th day of the following month.
 - (6) all records of purchases and sales shall be maintained for not less than 2 years.
 - (7) no person shall obtain or attempt to obtain within any consecutive 96 hour period any Schedule V substances of more than 120 milliliters or more than 120 grams containing codeine, dihydrocodeine or any of its salts, or ethylmorphine or any of its salts. Any person obtaining any such preparations or combination of preparations in excess of this limitation shall be in unlawful possession of such controlled substance.
 - (8) a person qualified to dispense controlled substances under this Act and registered thereunder shall at no time maintain or keep in stock a quantity of Schedule V controlled substances defined and listed in Section 212 (b) (1), (2) or (3) in excess of 4.5 liters for each substance; a pharmacy shall at no time maintain or keep in stock a quantity of Schedule V controlled substances as defined in excess of 4.5 liters for each substance, plus the additional quantity of controlled substances necessary to fill the largest number of prescription orders filled by that pharmacy for such controlled substances in any one week in the previous year. These limitations shall not apply to Schedule V controlled substances which Federal law prohibits from being dispensed without a prescription.
 - (9) no person shall distribute or dispense butyl nitrite for inhalation or other introduction into the human body for euphoric or physical effect.
- (d) Every practitioner shall keep a record of controlled substances received by him and a record of all such controlled substances administered, dispensed or professionally used by him otherwise than by prescription. It shall, however, be sufficient compliance with this paragraph if any practitioner utilizing controlled substances listed in Schedules III, IV and V shall keep a record of all those substances dispensed and distributed by him other than those controlled substances which are administered by the direct application of a controlled substance, whether by injection, inhalation, ingestion, or any other means to the body of a patient or research subject. A practitioner who dispenses, other than by administering, a controlled substance in Schedule II, which is a narcotic drug listed in Section 206 of this Act, or which contains any quantity of amphetamine or methamphetamine, their salts, optical isomers or salts of optical isomers, pentazocine, or methaqualone shall do so only upon the issuance of a written prescription blank by a prescriber.
- (e) Whenever a manufacturer distributes a controlled substance in a package prepared by him, and whenever a wholesale distributor distributes a controlled substance in a package prepared by him or the manufacturer, he shall securely affix to each package in which that substance is contained a label showing in legible English the name and address of the manufacturer, the distributor and the quantity, kind and form of controlled substance contained therein. No person except a pharmacist and only for the purposes of filling a prescription under this Act, shall alter, deface or remove any label so affixed.
- (f) Whenever a practitioner dispenses any controlled substance except a non-prescription targeted methamphetamine precursor as defined in the Methamphetamine Precursor Control Act, he shall affix to the container in which such substance is sold or dispensed, a label indicating the date of initial filling, the practitioner's name and address, the name of the patient, the name of the prescriber, the directions for use and cautionary statements, if any, contained in any prescription or required by law, the proprietary name or names or the established name of the controlled substance, and the dosage and quantity, except as otherwise authorized by regulation by the Department of Professional Regulation. No person shall alter, deface or remove any label so affixed.

(g) A person to whom or for whose use any controlled substance has been prescribed or dispensed by a practitioner, or other persons authorized under this Act, and the owner of any animal for which such substance has been prescribed or dispensed by a veterinarian, may lawfully possess such substance only in the container in which it was delivered to him by the person dispensing such substance.

(h) The responsibility for the proper prescribing or dispensing of controlled substances is upon the prescriber and the responsibility for the proper filling of a prescription for controlled substance drugs rests with the pharmacist. An order purporting to be a prescription issued to any individual, which is not in the regular course of professional treatment nor part of an authorized methadone maintenance program, nor in legitimate and authorized research instituted by any accredited hospital, educational institution, charitable foundation, or federal, state or local governmental agency, and which is intended to provide that individual with controlled substances sufficient to maintain that individual's or any other individual's physical or psychological addiction, habitual or customary use, dependence, or diversion of that controlled substance is not a prescription within the meaning and intent of this Act; and the person issuing it, shall be subject to the penalties provided for violations of the law relating to controlled substances.

(i) A prescriber shall not preprint or cause to be preprinted a prescription for any controlled substance; nor shall any practitioner issue, fill or cause to be issued or filled, a preprinted prescription for any controlled substance.

(j) No person shall manufacture, dispense, deliver, possess with intent to deliver, prescribe, or administer or cause to be administered under his direction any anabolic steroid, for any use in humans other than the treatment of disease in accordance with the order of a physician licensed to practice medicine in all its branches for a valid medical purpose in the course of professional practice. The use of anabolic steroids for the purpose of hormonal manipulation that is intended to increase muscle mass, strength or weight without a medical necessity to do so, or for the intended purpose of improving physical appearance or performance in any form of exercise, sport, or game, is not a valid medical purpose or in the course of professional practice.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department of Public Aid shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as

Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Public Aid shall develop precise standards for payments to reimburse nursing

facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

(30 ILCS 500/30-30)

Sec. 30-30. Contracts in excess of \$250,000. For building construction contracts in excess of \$250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

- (1) plumbing;

- (3) ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;
- (4) electric wiring; and

The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract. A contract may be let for one or more buildings in any project to the same contractor. The specifications shall require, however, that unless the buildings are identical, a separate price shall be

submitted for each building. The contract may be awarded to the lowest responsible bidder for each or all of the buildings included in the specifications.

Until a date 2 years after the effective date of this amendatory Act of the 93rd General Assembly, the requirements of this Section do not apply to the construction of an Emergency Operations Center for the Illinois Emergency Management Agency if (i) the majority of the funding for the project is from federal funds, (ii) the bid of the successful bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section, and (iii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board.

Until a date 5 years after the effective date of this amendatory Act of the 94th General Assembly, the requirements of this Section do not apply to the Capitol Building HVAC upgrade project if (i) the bid of the successful bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section, and (ii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board.
